O kompaniji / About us

Počeci poslovanja vezuju se za daleku 1871, kada je osnovano prvo novosadsko sapundžijsko društvo, koje je kasnije preraslo u prvu fabriku sapuna u Novom Sadu. Pod imenom "Albus" fabrika posluje od 1923, i za kratko vreme postaje jedan od najvećih proizvođača peračić i brijačić sapuna, ali i najkvalitetnijih toaletnih sapuna. Godine 1961. Albus uvodi novu tehnologiju i počinje sa proizvodnjom detergenata, a potom i omekšivača. U narednim decenijama Albus doživljava procvat udružujući se sa poznatim evropskim kućama (Yves Rocher, Baldoot, Ejlr) i zahvaljujući takvoj vrsti saradnje, Albus širi svoj asortiman i na proizvodnju kozmetičkih proizvoda. Značajna godina za poslovanje je 1997, kada Albus postaje prvi proizvođač detergenata koji dobija sertifikat ISO 9001. Od 2005. Albus se nalazi u sastavu Invej holdinga i dobija snažan podsticaj za dalji razvoj. Danas Albus predstavlja renomiranog proizvođača na domaćem tržištu na polju kućne hemije i lične kozmetike, sa širokom lepezom proizvoda. Posle 150 godina tradicije i proizvodnje naš cilj je isti - da proizvodimo proizvode visokog kvaliteta, kako bismo odgovorili visokim zahtevima tržišta, ali i poboljšali i ulepšali svakodnevni život naših potrošača.

The factory began its production in 1871, as a small chemical plant narrowly specialized in the production of soap (toilet, laundry, glycerin). It acquired its name ALBUS in 1923, these days already producing 180 wagons of soap for the domestic market and export. In 1961, Albus introduced serious innovation – industrial production of liquid dishwashing detergent, and fabric softener several years later. In those days, ALBUS cooperated with well-known European companies: Yves Rocher (France), Boldoot (Amsterdam) etc. The portfolio expanded – counting fabric care, household care, cosmetics, etc. In 1997, Albus was the first detergent producer that gained ISO 9001 certificate. Nowadays, the factory implements highest safety standards of raw material, production process and final control. In 2005 ALBUS enhanced its market performance and developed into a modern company, as a member of Invej Holding. Constant monitoring and application of scientific improvements, for more than 150 years of knowledge and experience, are the best guarantee of quality of our products. Our mission is to make everyday life better, since proper hygiene is essential for healthy lifestyle.
